Cogan to Attend ProMat 2009

Where: McCormick Place South
Chicago, Illinois

When: January 12-15, 2009

Show Hours: Monday, January 12: 10:00 a.m. – 5:00 p.m.
Tuesday, January 13: 10:00 a.m. – 5:00 p.m.
Wednesday, January 14: 10:00 a.m. – 5:00 p.m.
Thursday, January 15: 10:00 a.m. – 3:00 p.m.

From January 12-15, 2009, Cogan Wire & Metal Products Ltd. will be featured in the ProMat 2009 Tradeshow at the McCormick Place South in Chicago, Illinois. ProMat is held once every two years and is the largest and most prestigious material handling and logistics tradeshow in North America. Thousands of buyers from around the world will gather at the 300,000 square foot facility to visit the exhibits of over 700 top international material handling and logistics providers.

ProMat 2009 will include the latest productivity solutions from manufacturing to warehousing, assembly, distribution, logistics, and information technology. In order to best organize the many participants, the showroom floor will be divided into four different centers: manufacturing and assembly solutions, fulfillment and delivery solutions, information technology solutions and knowledge center. Cogan will be set up in booth #2368 of the manufacturing and assembly solutions center. The products they are going to exhibit will include samples of their industrial mezzanines, storage lockers, wire mesh partitions, barrier guardrails and cantilever racks. Potential buyers have the opportunity to interact with Cogan's products as well as ask Cogan representatives whatever questions they might have.

There is really no better way to become informed about the newest cutting edge innovations in the material handling and logistics industry than to attend ProMat 2009. This year will be the ninth time ProMat has been selected as the tradeshow of choice by the U.S. Department of Commerce for its esteemed International Buyer Program, which matches interested buyers with sellers. Cogan is proud to be exhibiting among the most prominent manufacturers and providers in the industry and looks forward to seeing all of the attendees in January.
