SINCE 1901

Real Problems, Rail Solutions

Protect your Property with a Barrier Guardrail System

Cogan's line of **guardrail** products guards your inventory and equipment with unflinching strength and durability. Why pay for expensive repairs on warehouse equipment? Install a **barrier guardrail system** and stop accidents before they happen. Built from the best quality materials, Cogan **barrier guardrails** protect your people and your property from serious collision damage.

Painted with a durable powder coat security-yellow finish, **barrier guardrails** are easily visible, creating a shield between your workers and valuable equipment. Engineered to withstand a 10,000 lbs impact at a speed of 4 miles per hour, Cogan **barrier guardrails** are designed to absorb the collision force of forklifts and other in-plant vehicles. Also, **barrier guardrails** can be used to guard far more than just machinery. Install **barrier guardrail** around shelving and racking, finished merchandise, building materials, in-plant offices, pipelines, water mains, electrical boards and much more. Use **barrier guardrail** to direct traffic in your warehouse, increasing your efficiency with an organized production floor. Do not lose precious production time over unnecessary accidents. Reduce your risk of downtime by protecting your most valuable assets with a **Cogan barrier guardrail system**.

Choose from a variety of standard and custom options. **Cogan barrier guardrails** are available in single rail post or double rail post. Single and double rail posts are installed with standard bolted connections. Optional lift-out rails are also available. Both systems are simple and fast to assemble, reducing costly installing charges and interruptions. Standard rail lengths range between two and ten feet. Consult Cogan for custom rail options. All standard items are in stock and ready to ship. So order a **barrier guardrail system** today and create a safer working environment. **Cogan Guardrails**, protecting your people, products and profit.

... But wait, there's more!

There is no need to put your people and your equipment at risk. Try Cogan's range of other guarding products to make sure that your warehouse is as safe as it can be.
